Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: The beautiful and sympathetic restoration of the White Hart has been amazing. I visit the hotel frequently for meetings and events and the roof terrace will provide an additional space for hosting events and welcoming guests not just from Lincoln but from across the world who already marvel of the view of the cathedral, the city and the beautiful Bailgate.

Kind regards

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I would like to object to the application, on the grounds of its being an inappropriate development in the historic medieval Bailgate area of Lincoln. The White Hart is a grade 2 listed building, and needs respecting. The ruining of the view of the Cathedral from the Castle walls, the noise to the adjoining Church etc etc.  
I would also like to say this has not been a well publicised application, as I have not seen a planning notice outside the building or it advertised in the press, or any from of public meeting or consultation. I have spoke to a few other local residents this morning, when this application was brought to my attention, they too are very against it. The White Hart has plenty of space to make a very successful business, it needs to respect the building and local street scene and focus on its existing hotel, bars, restaurant, it does not need any more square footage to be very profitable.

Kind regards
