Commenter Type: Member of the Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: My objection to this project is that it will only be a distance of 40mtrs from my bedroom.  
It will be in full view from my living room and not enough research has been done to establish the  
safety of any radio waves etc coming from the mast . There is a field adjacent to the gym which  
would be more suitable.
