**Audit Progress** 

## 1. Audit progress

#### **Purpose of this report**

This report provides the July 2023 Audit Committee meeting with an update on progress, since we last reported to the Committee in March 2023 in delivering our responsibilities as your external auditors. It also includes, at Section 2, a summary of recent national reports and publications for your information.

#### **2021/22 Audit**

#### Financial Statements audit

At the March 2023 Committee we referred to a national issue regarding the impact on delayed 2021/22 audit opinions of the triennial Pension Fund valuations. This had seen material movements in the estimated 31/3/2022 net liability valuation, largely due to updated membership details. The way forward has been agreed nationally that:

- · Councils are to obtain updated IAS19 valuation reports and amend the draft financial statements for the new figures; and
- Pension Fund auditors are to complete testing on the reliability and accuracy of the updated pension fund membership data.

These two work streams are in progress and are expected to be completed, with the audit opinion issued, by the end of August 2023. There are no further matters to raise with Committee at this stage. We will update the Committee and report the final results of our work in our Follow-up Letter which we will issue at the conclusion of the audit.

#### Value for Money arrangements

We reported our interim findings in our November 2022 report to the Committee and have continued to keep our risk assessment up to date. There have been no significant changes to our assessment of the Council's arrangements and there are no significant weaknesses or risks of significant weaknesses in the Council's arrangements that we need to bring to the Committee's attention. The Council's financial position, including the current year financial difficulties and challenging medium term outlook across the sector, continues to be an area of focus. We will update our assessment on this and the other criteria covered by the value for money commentary and set out our findings and conclusions in the Auditor's Annual Report which we expect to present to the Committee's meeting following the .

#### Assurance work

We were engaged by the Council to carry out the assurance work required on the Pooling of Housing Capital Receipts Return 2021/22. This work was completed and reported on by the end of May 2023 deadline.

## 1. Audit progress (continued)

#### 2022/23 Audit

We reported our 2022/23 audit planning document to the March 2023 Committee. Our planning and interim audits were carried out in February and March 2023, with some top up work scheduled for July 2023.

#### Financial Statements Audit

There are no significant changes in the scope of the financial statements audit opinion work, the approach, risk profile or timeline set out in our planning document reported to the Committee's March 2023 meeting. The Council published its draft Statement of Accounts at the end of May 2023 and we are currently carrying out early and preparatory work (for example, early testing and sample selection) ahead of the main audit visit in August 2023. We will update the Committee at its next meeting on progress and expected audit opinion.

#### Value for Money arrangements

We have built on the previous year's work and updated risk assessment, including our views on the latest Budget and Medium Term Financial Strategy. We have not identified any risks of or actual significant weaknesses in the Council's arrangements. We will update the Committee at its next meeting on.

#### 1. CIPFA Bulletins

Bulletins issued by CIPFA, with the assistance of CIPFA panels, provide practitioners with topical guidance on specific issues and accounting and reporting developments. CIPFA has issued the following Bulletin's in recent months:

<u>CIPFA Bulletin 13 – Local Authority Reserves and Balances (March 2023).</u> This provides guidance to local authority chief finance officers in England, Northern Ireland, Scotland and Wales on the establishment and maintenance of local authority reserves and balances. The bulletin largely updates guidance in previous bulletins.

<u>CIPFA Bulletin 14 – Closure of the 2022/23 Financial Statements (March 2023).</u> The annual year-end accounting bulletin provides updates on key issues and includes sections on:

Grant recognition and presentation

Subsequent measurement of property, plant and equipment and investment properties

Other capital accounting issues – capital financing requirement (CFR) and minimum revenue provision

Reporting impacts of inflation and high interest rates – financial statements

Final triennial valuation statements received by pension fund account preparers – 2021/22 issue

Narrative report and recent economic activity

Accounting standards that have been issued but not yet adopted and IFRS 16 Leases mandatory implementation as of 1 April 2024 (and other IFRS 16 issues)

### 2. Good practice in Annual Reporting – February 2023

The NAO has published an <u>interactive guide</u> that provides examples of good practice in annual reporting, drawing on examples from the public sector and other organisations shortlisted for the Building Public Trust Awards, which recognise trust and transparency in corporate reporting.

The guide draws on examples of good practice for annual reporting from organisations who are leading the way in this area. These examples are grouped by the sections of an annual report:

- Strategy
- Risk
- Operations
- Governance
- Measures of success
- Financial performance
- External factors

It also provides further examples where bodies have made their reports easier to understand with the use of graphics, clear and accessible language and signposting. The list is not definitive, but the NAO hopes it provides ideas for all bodies in both the public and private sector to think about as they plan their annual reporting for 2022-23.

## 3. Tackling Fraud and Corruption against Government – March 2023

Since the start of the COVID-19 pandemic, government has recorded a higher level of fraud in the accounts we audit. This reflects the nature of the government's response to the pandemic, including the rapid implementation of large new spending and loan programmes that came with an unusually high risk of fraud.

This report sets out the recent trends from NAO audits and reports, reviews how well-placed government is to understand and tackle fraud and corruption across government and sets out insights from their work and engagement with experts on what more government can do to better prevent fraud and corruption.

The report follows NAO previous work which found government did not have a good understanding of fraud before the pandemic. In NAO's 2016 Fraud landscape review, they found a large disparity between the level of fraud and error that the UK government reports and the level reported in other countries and the private sector. NAO also found there were few incentives for departments to record and report the true scale of potential fraud; a lack of data or metrics to evaluate performance in detecting and preventing fraud; and mixed capability across departments to tackle fraud.

The report can be found at the following link:

https://www.nao.org.uk/reports/tackling-fraud-and-corruption-against-government/

#### 4. Digital Transformation in Government – Addressing the Barriers - March 2023

This report evaluates government's approach to addressing the underlying issues of why past attempts at digital transformation have run into problems. NAO focus on the approach to transforming government, how the Central Digital and Data Office, its Roadmap and departmental leaders will support and promote this, and whether senior business leaders across government have a suitable level of digital capability.

## Department for Levelling Up, Housing and Communities

## 5. Department Consultation on public inspection of Category 1 authority accounts 2022/23 – February 2023

In March 2021 The Accounts and Audit (Amendment) Regulations 2021 amended the requirements about when accounts must be made available for public inspection for the 2020/21 and 2021/22 accounts, and provided that the period for the exercise of public rights needed to commence on or before the first working day in August in the following financial year.

For 2022/23, the statutory requirement for category 1 authorities is to make accounts available for public inspection for a period that includes the first 10 working days of June, effectively requiring them to be published by 31 May at the latest.

The Government is minded for this deadline to remain in place, but is interested in hearing stakeholders views via a short consultation.

#### 6. Levelling Up Committee launches inquiry on local audit – March 2023

The Levelling Up, Housing and Communities Committee has launched an inquiry into financial reporting and audit, examining a range of issues relating to the purpose and understanding of local audit and the impact of local authority accounts and audit findings.

The inquiry will scrutinise the role of audit in local accountability and democracy and the extent to which accounts provide a clear picture of the financial sustainability and resilience of a local authority.

The inquiry is also likely to explore how local authority financial reporting could be made more accessible, the role of local audits in acting as 'red flag' for action by councils to address financial issues, and how auditors in local government could work together to share best practice.

The Committee welcomes written evidence on the terms of reference, which fall under the following headings:

- Users and uses of local authority accounts and audit
- Understandability and accessibility of local authority accounts and audit
- Making local authority accounts meet the needs of users better
- Addressing findings in audits and sharing best practice

# NATIONAL PUBLICATIONS ICAEW

#### 7. ICAEW Publishes its Vision for Local Audit – March 2023

The Institute for Chartered Accountants in England and Wales (ICAEW) has published its vision for local audit to accompany the recent publication of a Memorandum of Understanding (MoU) between the Department of Levelling Up, Housing and Communities (DLUHC) and the Financial Reporting Council (FRC).

The ICAEW welcomes the MoU, which covers the role of the 'shadow' system leader for local audit pending the establishment of the Audit, Reporting and Governance Authority (ARGA). The ICAEW also believes more needs to be done urgently if the local financial reporting and audit crisis is to be resolved.

The ICAEW's vision for local audit is designed to prompt discussion, identifying a series of challenges the ICAEW believes need to be overcome, and actions it supports to address those challenges. These are grouped into the following areas:

- Improve financial reporting to enhance transparency and accountability
- Deliver high-quality local audits on a timely basis
- Strengthen financial management and governance
- Reform finances to ensure value for money and protect the public interest
- Build a thriving profession that is highly valued

# NATIONAL PUBLICATIONS Public Interest Report

## 8. Croydon Council Public Interest Report – February 2023

Following the publication of a public interest report in October 2020, Croydon Council commissioned local government expert Richard Penn, through the Local Government Association to compile an independent report on the issues at the council. His report, completed in March 2021, but only just published in February 2023 found that the dysfunctional leadership and poor governance arrangements contributed to the authority's financial collapse.

Fairfield Hall is an arts, entertainment and conference centre situated in Croydon. Refurbishment of this building was agreed by Croydon Council and work was undertaken between June 2016 and September 2019. It was delivered late and cost substantially more than the original £30m budget agreed by cabinet. Originally a Value for Money review, this became a Report in the Public Interest by their Internal Auditors Grant Thornton which highlighted failings of financial control and governance of this project.

The report found that the 'governance gaps' at the time 'prevented scrutiny and challenge that may have allowed corrective action to have been taken.' The report found that the statutory officers and chief officers throughout the time of the refurbishment failed to fulfil their statutory duties. All have since left the council. An action plan will be put in place to address the recommendations arising from this report.

This has led the Council putting in place new measures to address the findings. The Council has overhauled and strengthened its financial, legal, decision-making and other governance processes, and through its Croydon Renewal Plan is creating a new culture of good decision-making, transparency, accountability, and value for money.

It also led the council to undertake an external independent review of its companies and company structures. Following that review, the council's intention is to wind down its development company Brick by Brick once it has completed its outstanding building work. The Fairfield Halls refurbishment contracts were taken back under direct Council control. The full report, which includes a number of lessons that other Councils can learn from, can be seen here:
