

**NOTIFICATION OF INTENDED WORK TO TREES AND HEDGES
RELEVANT TO THEIR CITY COUNCIL OWNERSHIP STATUS.
SCHEDULE No 5 / SCHEDULE DATE: 02/10/2024**

<i>Item No</i>	<i>Status e.g. CAC</i>	<i>Specific Location</i>	<i>Tree Species and description/ reasons for work / Ward.</i>	<i>Recommendation</i>
1	N/A	8 Tower Drive – Housing property	<p><u>Abbey Ward</u> 1 x Lime <u>Retrospective notice of removal</u> This tree was in excess of 20 metres high and was standing as deadwood due to the presence of Charcoal fungus – This fungi can cause unpredictable brittle failure to the base of trees affected, the tree was therefore removed as a matter of priority.</p>	Replace with 1 x Lavallee hawthorn; to be planted in grassland on Roman Pavement, opposite house number 28.
2	CAC	Lincoln Arboretum	<p><u>Abbey Ward</u> 1 x Ash <u>Remove to ground</u> This tree is exhibiting creeping failure of the root plate which places the tree at a high risk of unpredictable collapse.</p>	<p>Approve works</p> <p>Replace with 1 x Cut-leaf beech; to be located in close proximity to the position of the removed tree.</p>
3	N/A	91 Woodfield Avenue – Housing property	<p><u>Birchwood Ward</u> 4 x Leyland cypress <u>Retrospective removal notice</u> The overgrown nature of the trees prevented them from being pruned back to form a viable hedge line.</p>	Replace trees with 2 x decorative Apple cultivars – to be located in grassland to the front of flat numbers 177 – 191; an additional 2 x English Oak, to be located in grassland between Cydonia approach and Woodfield Avenue

4	N/A	20 Snowberry Gardens- Housing property	<p><u>Birchwood Ward</u> 1 x Sycamore <u>Remove to ground</u> This tree has been previously reduced due to direct damage being caused to an adjacent private property – the incremental growth of this tree continues to cause structural damage issues.</p>	<p>Approve works.</p> <p>Replace with 1 x Scot's Pine; to be planted in a suitable position within Jasmin Green open space.</p>
5	N/A	Sudbrooke Drive Community Centre	<p><u>Minister Ward</u> 1 x Hornbeam <u>Remove to ground</u> This tree is heavily weighted towards the highway – an asymmetrical canopy having formed as the result of suppression – intervention pruning would lead to the creation of an unviable specimen.</p>	<p>Approve works.</p> <p>Replace with 1 x Hornbeam; to be located in grassland adjacent to the community centre.</p>
6	N/A	7 Reynolds Drive – Housing property	<p><u>Moorland Ward</u> 1 x Holly <u>Retrospective removal notice</u> This tree was of poor form and prevented garden renovation from being undertaken – the tree also prevented the re-installation of the boundary fence line which was damaged as a result of the trees presence.</p>	<p>Replace with 1 x field maple; to be planted in a suitable location within grassland on Turner Avenue.</p>

7	N/A	Hermit Street – Riverside	<u>Park Ward</u> 2 x Ash <u>Remove to ground</u> These are self-set trees which are growing between the fence line and concrete parapet edge of Sincil drain – removal is proposed to prevent future damage to the flood defence.	Approve works Replace with 2 x Spindle; to be planted within grassland adjacent to the removed specimens.
